

Design Your Memories

At Memory Block we print your memories on beautiful wooden blocks. These blocks come in different shapes and sizes and in a pine or bamboo grain. You will always find a block that is perfect for your memory.

Our UV printing technology ensures that your memories are scratch resistant, water proof and don't fade. In short a Memory Block will last you a lifetime just like your memories.

The printing time for your Memory Block is generally about 5 minutes.

The Blocks

Your Memory Blocks come in regular rectangular and square shapes as well as some interesting designs like hexagons and hearts.

These blocks can be kept as table tops and they stand by themselves, as well as can be mounted on your walls as your home décor.

The Giant Blocks and the premium Floating Blocks are specially meant for your wall décor and give your memories a special place in your homes.

If you are unsure of the blocks, our Memory Block Experts will always recommend the best block for your Memories.

Square and Rectangles

The square and rectangle blocks come in three different sizes small, medium and large and two different wood finishes – pine and bamboo. Family photos, landscapes, pets, photographs of special occasions are perfect for these blocks.
